

MUHAMMAD USMAN

Full Stack Software Developer | React.js · Node.js · NestJS · PostgreSQL

Karachi, Pakistan | +92 312 0204077 | usman.arshad1457@gmail.com | linkedin.com/in/muhammad-usman-83934b322

PROFESSIONAL SUMMARY

Motivated Full Stack Software Developer with hands-on experience building responsive web applications using React.js, Node.js and NestJS, and RESTful APIs backed by PostgreSQL. Strong foundation in Object-Oriented Programming, data structures, and the software development lifecycle (SDLC), built through academic projects and self-directed learning. Adaptable, detail-oriented, and eager to contribute to an international engineering team, with a strong interest in cross-cultural, remote-first software development environments common across the EU tech sector.

WORK EXPERIENCE

Python Developer — Aptura Tech Solutions

Jul 2026 – Present

Internship · Remote · Karachi, Pakistan

- Completed a hands-on internship in Python development, building applications and strengthening core problem-solving skills.
- Worked with Object-Oriented Programming (OOP), file handling, SQLite, exception handling, and fundamental data structures.
- Delivered real-world programming tasks and mini-projects, improving debugging, logical thinking, and software development best practices.

CORE TECHNICAL SKILLS

Languages & Frameworks: JavaScript, TypeScript, Java, C, C++, Python, React.js, Node.js, NestJS, HTML5, CSS3

Databases: PostgreSQL, MySQL, MS SQL Server, MongoDB

Concepts: Object-Oriented Programming (OOP), RESTful API Design, CRUD Operations, MVC Architecture, Software Development Life Cycle (SDLC), Agile methodology, Version Control (Git/GitHub), AI Automation, Chatbot Development

Tools & Practices: Responsive Web Design, Unit Testing basics, Debugging, Problem Solving, Clean Code, Modular Architecture

KEY PROJECTS

HireHub — Full Stack Job Portal

2025

React.js · NestJS · PostgreSQL

- Engineered a dynamic, responsive front-end using React.js, delivering a seamless experience for three distinct user roles: employers, applicants, and administrators.
- Designed and implemented RESTful APIs with NestJS using a modular architecture, ensuring maintainable, scalable backend code and efficient data flow.
- Integrated PostgreSQL for persistent, relational data storage across the platform.

University Management System — Java (CLI-Based)

2024

Core Java · OOP · File Handling

- Applied core OOP principles (Encapsulation, Inheritance, Polymorphism) to build modular, maintainable backend logic.
- Implemented full CRUD (Create, Read, Update, Delete) functionality for managing student, faculty, and course records.
- Built a structured CLI interface with input validation and robust error handling to improve usability.

EDUCATION

BS in Computer Science

07/2024 – Present

IQRA University, Karachi, Pakistan

Intermediate in Engineering (Pre-Engineering)

2021 – 2023

Jinnah Government Boys College, Karachi, Pakistan

CERTIFICATIONS

- Full Stack Developer Bootcamp — IQRA University
- Basic C Programming — Simplilearn
- HTML Language — Simplilearn
- CIT (Certificate in Information Technology) — Luminary Learning Circle Foundation (LLCF)

SOFT SKILLS

Teamwork • Time Management • Effective Communication • Patience • Adaptability • Cross-Cultural Collaboration

LANGUAGES

English — Professional Working Proficiency | Urdu — Native
